I am a **Senior Flutter Developer** with over **4 years of experience** building scalable, user-centric mobile applications for various industries, including finance, e-commerce, real estate, and lifestyle services. I have successfully developed and maintained high-performance apps like **American Express**, **Ruhiy**, **iWish**, **EButler**, and **DealersGear CRM**, among others. My expertise lies in **cross-platform mobile development** using **Flutter**, ensuring smooth performance across **iOS** and **Android**. I specialize in **UI/UX design**, **API integration**, and **app optimization** to deliver seamless, responsive, and engaging experiences. I am dedicated to creating impactful, scalable solutions that align with business objectives, enhance user experiences, and support sustainable growth. My approach emphasizes clear communication, adaptability, and a strong focus on results. I thrive in fast-paced environments, managing multiple projects while ensuring quality and timely delivery.
